ARGILE™  
THE NEW CAPSULE COLLECTION

---

Created in collaboration with New York-based design and architecture firm Workshop/APD, the new Argile™ capsule collection boasts a sculpted, undulating aesthetic inspired by tooled clay. Offered in Honed White, a new matte finish with the natural appeal of honed stone, the collection encompasses a freestanding bathtub and decorative vessel.

---

Generously sized for two bathers, the bathtub includes built-in ergonomic support, an integrated center drain and overflow, and a cast mineral composition to maintain optimal temperatures for extended soaking. The complementing cast stone vessel sink offers a center drain for quick water release. Feature together or independently for an artful look in any bathing space.

ARGILE FREESTANDING BATH P50220-00-HW1 | 72" Length x 36" Width x 24" Depth  
ARGILE VESSEL P70368-00-HW1 | 20" Length x 13" Width x 4" Height
