

Juxtapose® Collection

Juxtapose Semi-Professional Kitchen Faucet With Polished Nickel Accent in Stainless Finish

The Juxtapose collection by Mick De Giulio is a series of slim-profile kitchen faucets thoughtfully designed to delight both novices and kitchen connoisseurs. Available in an intriguing mix of singular and mixed metal PVD finishes, the Juxtapose collection delivers chic, statement-making design with unsurpassed performance and functionality.

KALLISTA®

Juxtapose® Collection

Juxtapose Wall-Mount Pot Filler and Semi-Professional Kitchen Faucet Paired With Contemporary Filter Faucet

Juxtapose Wall-Mount Pot Filler in Stainless Finish

FEATURES & BENEFITS

- The Juxtapose kitchen faucet collection by Mick De Giulio features slim profiles and sophisticated details.
- The collection is comprised of a single-control semi-professional faucet, single-control bar faucet, wall-mount pot filler, and soap/lotion dispenser.
- Each component is available in a chic palette of singular and mixed metal physical vapor deposition (PVD) finishes.
- The Juxtapose semi-professional kitchen faucet's three-function sprayhead incorporates the latest in KOHLER® technology:
 - Aerated for an even stream of waterflow
 - KOHLER Sweep® spray with specially angled nozzles to generate a wide, forceful blade of water
 - KOHLER Boost technology to unleash a powerful water boost increasing the flow rate by 30 percent
- Superior docking design ensures the semi-professional faucet head removes and replaces with effortless ease of motion. Two coils allow for a wide reach while a sound-dampening interior sleeve minimizes noise typically associated with professional faucets.
- The coordinating cold-water contemporary filter faucet features a 360-degree swivel and pairs with most water filtration systems.
- The collection pairs perfectly with Multiere® and Soltiere® kitchen sinks.
