One™ Nazaré Tall Spout Sink Faucet in Chrome

One Nazaré Pressure Balance Trim With Diverter in Chrome

## FEATURES & BENEFITS

- Named after the famed Portuguese seaside municipality, One Nazaré was created in partnership with award-winning studio Champalimaud Design.
- The pureness of shape allows One Nazaré to resonate with complementary KALLISTA® collections as well as a wide spectrum of design projects.
- The centerpiece of the collection is the sink faucet, which is offered with three spout styles: low, tall, and gooseneck. Incorporated into the refined lever handle is a simple yet unique cast brass pin detail.
- The sink faucets and shower trims that comprise this boutique collection are available in two finishes: Chrome and Polished Nickel.
